

## Strategy 2. Strengthening relationships with other stakeholders

This strategy is about analysing and improving the quality of relationships with key stakeholders, to better position the organisation to address the workforce challenges it faces.

- schools
- training providers
- other disability organisations
- local businesses,
- local chamber of manufacturers etc.
- Community Service Skills Councils at state/territory and national levels

### Activity

1. Complete network relationship map
2. Describe the ideal working relationship with the agencies identified in red, including potential benefits for your organisation.

---

---

---

---

---

3. Identify strategies for strengthening the relationship with identified agencies.

# Network relationship map

## Activity

1. Place the name of your organisation in the centre circle
2. Place the names of relevant agencies and groups that are part of your local network (irrespective of whether you have a connection with that agency or group at present)
3. Add the names of key people within each agency or group if they are known to you
4. Use a green pen to indicate those agencies or groups that you have good working relationships with
5. Use a red pen to indicate the relationships that you would like to strengthen
